AP Computer Science A course

Materials for Class

1. **A USB thumb drive** for backing up programs.
2. **Spiral notebook**
3. **3 x 5 Cards.** These are for making flash cards with vocabulary terms, code snippets and other useful information to use in studying for tests and the AP exam.
4. Students are not required to have a computer with an internet connection at home however, it is recommended. There are many computer science resources available on the internet.
5. Students can download a freeware version of BlueJ ([here](#)) to use at home. This is the same software used for programming in class.
6. **All students should purchase the Barron's Ap Computer Science Study Guide*** - How to Prepare for the AP Computer Science Exam by Roselyn Teukolsky. Barron's Educational Series; 7 edition (January 1, 2015)

Supply List for Foreign Languages:

- Dry erase markers
- Glue Sticks
- Single subject, college ruled spiral notebook (Spanish and ASL only)
- Pack of 100 index cards (Spanish only)
- Tissues would be greatly appreciated by all
