

PUBLIC SERVICE ACADEMY

Pre-Law/Criminal Justice

This program is designed to help students acquire the investigation, analytical and, communication skills required by careers in the legal profession.

Fire Fighter

The content of the fire science curriculum is based on nationally accepted Firefighter I standards established by the National Fire Protection Association. Students completing the program will be able to enter Firefighting II.

Education

This program is designed to prepare college or career bound students for a variety of careers in the education field: elementary or secondary teaching, or paraprofessional. The Education program covers all aspects of the teaching profession.

Journalism

This program is designed to prepare students for employment as writers and editors. This program provides a medium whereby the student will be given the opportunity for practical hands-on experiences that incorporate academic skills into real life situation.

New Media

This program offers a broad foundation of knowledge and skills to prepare students for employment in digital media, new media, and multi-media positions.

TV Production

This program is designed to develop knowledge and skills for writing, producing, directing, and editing television programs.
